Rules

Welcome to our home and we hope you enjoy your stay.

We're following all government guidelines and have been actively involved in scoping out industry best practice in partnership with key tourism bodies and specialists. This includes new cleaning regimes and safety precautions for our guests

- ◆ Please Sanitize your hands before entering
- ◆ Always wear a face mask while passing through communal areas (if you have forgotten your mask we can supply you with a disposable)
- ◆ Due to this virus we will be asking to take your temperature on arrival—If you are showing signs of illness and high temperature we will request you return home
- ◆ Please be courteous in all areas where the acquired social distance is not possible to adhere too, especially the stairs, please wait if you hear other guests using them
- ◆ Check in - you will no longer need to sign in. When you enter we will allocate you your room number. The key will already be in your room.
- ◆ When leaving your room please sanitize your hands—there is a hand sanitizer machine on each levels
- ◆ All soft furnishings have been removed due to new health and hygiene rules
- ◆ We will not be servicing your room , unless requested, of stays less than 3 nights. Extra supplies will be made available upon request
